EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Henry Collins on 01/04/06.

The application has been amended as follows: **Cancel claims 1-7 and 15-19.**

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: there is no prior art alone or in combination that discloses a medical device comprising an *expandable stent* with a longitudinal axis, a first bridge member, a second bridge member and a first *and second* self-expanding aneurysm cover formed of a shape-memory initially *folded along a plurality of pleats* and upon expansion *lying in a plane perpendicular to the longitudinal axis* of the stent.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Marotta et al (USPN 6,261,305); Mitelberg et al. (USPN 6,613,074); Brown et al. (USPN 6,093,199); Lee et al. (USPub 2004/0087998); Murphy

et al. (USPub 2003/0171739); Jones et al. (USPub 2003/0055451). These references disclose a stent, a bridge member and one folded cover, but none that show two bridge members and two folded covers that extend perpendicular to the longitudinal axis of the stent. There is no motivation to combine.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
